TALES
WAGON

All the bedtime stories we've always been told are hidden inside our tales wagon, and we will take them out for you.

Our main character, Roundy, lives inside the wagon, and wants everybody to know her story. The story of a little ant who wanted to grow up.

A journey to the world of the insects: beetles, bees, spiders, dragonflies...and many other bugs that will help our little ant discover who she really is.

An uplifting adventure, created by FESTUC TEATRE, a magical and a funny puppet show for all those children and adults who are willing to enter our wagon and dive into a dreaming paradise.

An intimate performance with sight, touch and sound stimulus.
